HEADSUP B2B

METAL SOLUTIONS (LEVEL 1)

Metal bechna hai, par kya **basics pata hain?**

Metal use kahan hota hai?

Buildings

Roads

Bridges

Quality konsi?

IS2062 certified steel = tested + safe + approved quality.

Fe500D = High strength + high flexibility TMT grade.
(Best for earthquake-resistant buildings)

Steel mein jaldi ka rate nahi hota - market ko samajhna padta hai, roz dekhna padta hai!
