HEADSUP B2B

METAL SOLUTIONS (LEVEL 3.1)

Advanced (Business Application)

Procurement kaise hota hai?

- Daily market rate check
- Approved / trusted vendors se sourcing

Negotiation depends on:

- Quantity + Delivery timeline + Payment terms

- ***Vendor relations matter***
- ***Market knowledge = better rates***
- ***High volume = best price***

Primary Vs Secondary Steel

Primary Steel	Secondary Steel
• Steel that is made directly from **iron ore** • It is the **first-time production of steel** • Usually **high purity** and **consistent quality**	• Steel that is made by **recycling scrap steel** • Requires **less energy** and **lower cost** • Produced by **melting old steel products** (scrap, rejected metal, used structures)
