HEADSUP B2B

STRUCTURAL AND FLATS STEEL (LEVEL 1)

Use kahan hota hai?

Structural steel **load-bearing** aur framework ke liye use hota hai, jahan **strength**, **durability** aur **speed of construction** important hoti hai:

Commercial buildings

Industrial structures

Heavy engineering projects

Railways

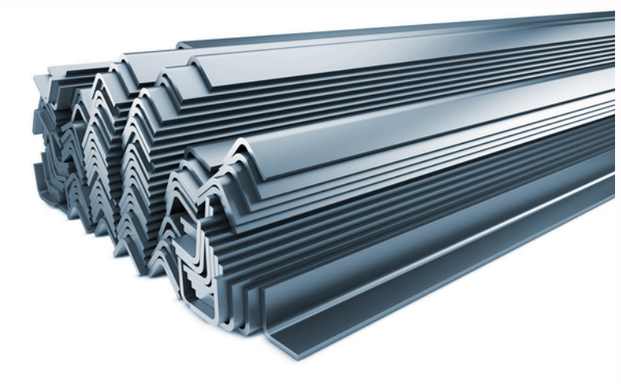
Bridges

Steel mein jaldi ka rate nahi hota - market ko samajhna padta hai, roz dekhna padta hai!

Konse Products?

MS Plates

Steel Channels



Steel Angles

Beams & Columns

JSW

TATA STEEL

सेल SAIL

JINDAL STEEL & POWER

Brand Konsa?
