HEADSUP B2B

STRUCTURAL (LEVEL 3.2)

Advanced (Business Application)

MTC / IS Certificate kyun important hai?

- Proof ki material genuine hai
- Chemical & mechanical quality test hoti hai
- Govt projects ke liye mandatory
- Material trace ho sakta hai → konse mill batch se aaya
- **Corrosion Resistant Steel**: Rust kam, life zyada – outdoor projects ke liye better

Quality Checking Before Dispatch

- Visual check: rust / damage / finishing
- Bending test: flexibility check
- Thickness / coating check (for GI)
- Branded steel me QC mill level par hota hai
